

Sydney APEC GHOST DANCE

**5 - 11 pm Friday 7 Sep 2007
Hyde Park North, APEC Ghost City**

Sydney APEC will be the biggest gathering of neo-liberals ever to meet in Australia and its security arrangements will render inner Sydney a Ghost City.

APEC is in effect a peak meeting of war criminals and resource pirates.

Pro-Greed, pro-War, pro-Nuke, let the dead dance!

The Ghost Dance will be guerilla street theatre, an expression of our creative dissent and our fathomless cynicism and despair.

Make a costume, make a statement, bring a drum.
